Quality, Health, Safety and Environmental Policy

Each Quippo Employee and Associate is committed to and accountable for safety to their suppliers, stakeholders, interested parties, other employees and customers (external & internal).

Our commitment includes the prevention of:

- Personal Injury and Ill Health
- Environmental damage, Pollution and
- Asset Damage

Our commitment is based on the following principles:

- To provide World-class Quality Service.
- To ensure that safety and environmental concern as part of everything we do, and to conserve the environment, prevent injury / ill health to workers.
- To comply with the applicable legal and other requirements relevant to QOGIL QHSE-IMS.
- To follow our Drilling Operational Procedures & Instructions (DOP & DOI).
- To follow operational controls related to Risks & Environmental aspects.
- Provide persons working for and on behalf of QOGIL with necessary training, resources and systems, also to empower them to STOP any unsafe work, to provide a healthy and safe work environment.
- To eliminate hazards, OH&S risks through consultation and participation of workers.
- To engage our service providers to ensure their complete compliance with our commitment to QHSE.
- Implement continual improvement programs by utilizing the latest technologies.
- Actively monitor, audit and review to improve QHSE-IMS processes and performance.
- Improve the efficient use of energy and natural resources

We shall continually improve our Quality, Health, Safety and Environmental Integrated Management System (QHSE-IMS) by a combination of proactive approach to ensure total prevention, and responsive approach to implement lessons learnt.
